### **Upcoming 2019 Regulatory - Are you Ready?**

The person responsible for conducting remediation shall complete the implementation of the remedial action and submit a remedial action report for a contaminated site within the following regulatory timeframes (NJAC 7:26E-5.8):

For Sites subject to the statutory requirement to complete remedial investigation on or before May 7, 2014 (**without the exception below**), the remediation of a

discharge that only resulted in **soil contamination** regulatory deadline was February 6, 2019 or for the remediation of **all other contamination** the regulatory deadline is May 7, 2019.

For Sites subject to the statutory requirement to complete the remedial investigation on or before May 7, 2014 and that **obtained and maintained an extension to complete the remedial investigation on or before May 7, 2016**, the remediation of a discharge that resulted in **soil contamination** regulatory deadline is May 7, 2019 or for remediation of **all other contamination** the regulatory deadline is **May 7, 2021**.

If you are unaware of your Site Remediation Deadline or need an LSRP, contact *Brilliant* today. [Email](#) or call (732) 818-3380.
