

Brilliant Environmental Services, LLC (*Brilliant*) is a full-service environmental consulting and contracting firm, integrating today's technologies for tomorrow's solutions. Headquartered in New Jersey, *Brilliant* specializes in investigation, remediation, brownfields redevelopment, and underground storage tank services. *Brilliant* is the underground storage tank compliance expert.

The NJ Site Remediation Professional Licensing Board will hold its February, 2020 meeting at the NJ Site Remediation Conference at **5PM on Tuesday, February 4th at the Hyatt Regency, in New Brunswick**. This is a great opportunity for LSRPs and others to see the Board in action, outside of Trenton. A complete agenda is planned and public comments are always accepted prior to the end of the meeting.

NJDEP Policy Statement on "Complete Remedial Investigations"

Without a clear understanding of the reasoning behind the policy statement, NJDEP issued an interpretation of "Remedial Investigation Complete" that all LSRPs should have known. The new statement in January 2020 supersedes the June 2013 statement and attempts to clarify issues that have been recently raised relative to delineation at the remedial investigation stage and demonstrating attainment at the remedial action stage.

The actual Policy Statement can be reviewed [here](#).
